

MLS DUBORDER™ Dub management made easy

Streamlines the entire dub process - from creating to tracking orders.

SEARCH
ORDER
DUB

MLS DubOrder is an add-on module to your Media Library System (MLS) that works with your MLS database to make your dub orders more efficient – from start to finish. If your organization receives one or one hundred dub requests a week, MLS

DubOrder can help you process dub orders faster, saving time and increasing productivity. Plus, the software can be customized to your specifications to support your current dub system and meet your exact needs.

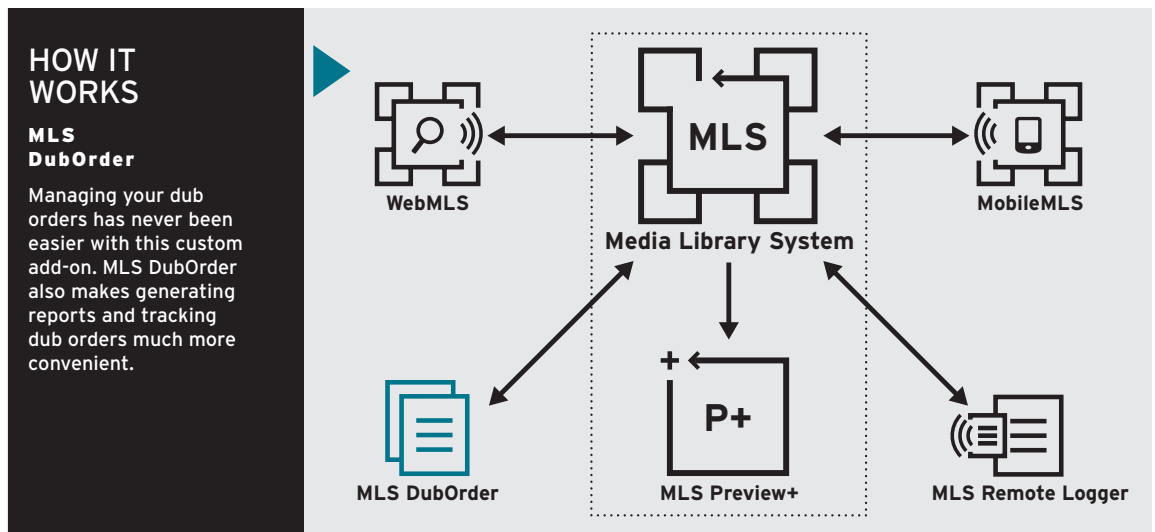

“Nesbit allows us to have access to all of the information we need at the click of a button.”
